MARKS ARTIFICIAL LIMBS

WITH RUBBER HANDS AND FEET

The Most Comfortable, Durable and Natural.

Although a man may lose both legs, he is not necessarily helpless. By using artificial legs with Marks' patent rubber feet attached, he can be restored to usefulness. One of these engravers from an instantaneous photograph of a man ascending a ladder. He has two artificial legs substituted for his natural ones which were crushed in a railroad accident and amputated. With his rubber feet he can ascend or descend a ladder, balance himself on the rungs, and have his hands at liberty. He can work at a bench and earn a good day's wages. He can walk and mingle with persons without betraying his loss. In fact he is restored to his former self for all practical purposes.

When the old method of complicated ankle joints, these results could not be so thoroughly attained.

Over 85,000 in use, scattered in all parts of the world. Many of these have been supplied without the wearers presenting themselves to us, simply sending measurements on a measuring sheet which any one can easily fill out.

Received 44 Highest Awards.

Purchased by the United States Government and many Foreign Governments.

A MANUAL of Artificial Limbs and illustrated measuring sheets sent free upon application.

New Jersey Freie Zeitung

NEW JERSEY'S OWN
GREAT GERMAN DAILY.

NEWARK'S ONLY MORNING PAPER.
(ESTABLISHED 1858.)

DAILY AND SUNDAY for nearly fifty years, the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of well-to-do German-Americans throughout this city and county

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population

Say? If a fellow appropriates an-
 other's ideas and sells them at
 "cut rate prices" would we be
 justified in dubbing him a thief or
 only a "Bunch of Gals"?

Imitation flatters the imitators wonderfully where he is not known. Apes are great imitators. "Which is
 why I enquire" if all imitators are apes. There is scarcely an improvement in trowels in the past 25 years
 no matter who presents them, but what is the product of my brain but the theft is the other fellows
 product.

Sincerely to us,

"This is your Time"

You are strong and well now, and business is good, and you don't really see why you should bother about Life Insurance just yet.

But others see. The little mother in black, with her three children, the family of a man you once knew, would find it very convenient just now, to have a few thousands of insurance money to tide her over until she can learn how to earn her living. **He**, your friend, before he left, said more than once that he would take out insurance "some other time." But he couldn't control the time. Nor can you.

Better write now for facts about the policy you would like. Write The Prudential to-day. It has every good kind.

Covers more thoroughly than any newspaper the great State of New Jersey, and is acknowledged to be the best advertising medium in the State, and one of the leading two-cent evening newspapers in the United States. Publishes more classified advertisements than all the papers in Essex County combined.

It is the recognized want adv. medium. More than seventy thousand residents of New Jersey buy it every day.

New Jersey Freie Zeitung

NEW JERSEY'S OWN
GREAT GERMAN DAILY.

PUBLISHED EVERY MORNING.

(ESTABLISHED 1858.)

DAILY AND SUNDAY for fifty years, the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of well-to-do German-Americans throughout this city and county

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition as its perpetually well filled advertising columns plainly testify

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population

HISTORY:

All new models of typewriters since the UNDERWOOD became prominent, have been of Underwood form—visible writing.

OLD PROPHECY:

Years ago a bold prophecy was made "THE MACHINE YOU WILL EVENTUALLY BUY IS THE UNDERWOOD." This is rapidly becoming history.

NEW PROPHECY:

All old style machines will soon be superseded by Underwood form—visible writing machines.

A SUGGESTION:

Buyers will please "Govern themselves accordingly," accepting no experiments and buying no passing models. No mistakes can be made by placing orders with the Company that introduced and perfected VISIBILITY, revolutionized typewriter construction, captured the world's championships, preserved the salaries of salesmen and managers, and worked its way into the hearts of the buyer and operator. Investigate the conditions of the **second-hand market**.

GRATITUDE:

With sincere thanks to the hundreds of thousands of UNDERWOOD patrons for past favors, we beg to remain,

Very respectfully,
